With a bachelor's degree from UC Berkeley, I bring years of experience planning, implementing and managing multiple projects and roles in ambiguous and rapidly changing environments. I am a website developer and have co-founded my own business. Prior to that I managed the Office of Diversity Services at the UC Berkeley School of Public Health, prior to that I managed the Center for Public Health Practice where I received the Chancellor's Outstanding Staff Award and the Sally Bellows Community-Building Award. I have been involved with many organizations supporting low-income families on topics ranging from college admissions to substance abuse and addiction. I also worked with the Teach in Prison Program helping inmates attain their GED.

I love the City of Santee and would like to be a voice for the people. After speaking with voters in District 1 I hear their desire for change within the city council and want to bring a fresh voice and perspective to the community. Voters have expressed to me that the following issues are priorities, among others: traffic congestion, maintaining streets/fixing potholes, public safety, and the environment. If elected, I will be committed to fighting for the people and not corporate interest.

I understand I am responsible for the cost of this statement and I may be billed or refunded the difference in cost based on the final registration for my jurisdiction.	Cost of the Statement: \$ <u>800</u> (Checks payable to: City of Santee)
