

As promised, during my first term, I helped create new jobs, protected local taxes, fixed infrastructure, updated parks, and made public safety a top priority bringing the crime rate down. Santee has a balanced budget and is on the right track.

I'm enthusiastic to continue to serve as your councilman. Your issues remain important to me. I will continue to answer my phone, meet with you personally, respond to emails, and be accessible on social media. I am dedicated to working with you to provide a great future for the people of Santee. An exciting example includes a new movie theater, a top request for Santee residents.

I am also working with Mayor John Minto, federal, state, and other agencies to develop a "Real Fix to the 52".

As a Santee business owner, former Chamber of Commerce President, Community Volunteer, Rotarian, and Council Member, I embrace and encourage the philosophy of "Live, Work, Shop, and Play in Santee."

Santee is viewed by many as one of the best run cities in East County. Join me and Santee citizens as we proactively keep our city on the best track!

Vote for Ronn Hall.
