[IMAGED FILE]

1 I, Elaine Kavasch, declare:

2 1. I am a Research Analyst at DigiStream Investigations. I personal knowledge of
3 the facts set forth below and, if called upon as a witness, could and would competently testify
4 thereto.

5 2. On April 12, 2019, Digistream was asked by the Office of County Counsel for the
6 County of San Diego to conduct a GeoSocial Sweep® for social media posts regarding the
7 Julian Fire Department. A GeoSocial Sweep is an investigation focused on an area where an
8 incident occurred, drawing geographic fences using hash-tagged, geo-tagged content or
9 searching for keywords specific to that location, with the goal of finding social media activity
10 regarding the incident and/or any potential witnesses. I conducted the social media investigation
11 of the location and individuals involved.

12 3. At the outset of the investigation, Digistream was asked to search and preserve the
13 content of the following social media pages: <https://www.facebook.com/backcountrystrong/>;
14 <https://www.facebook.com/groups/539880143022080/>; [https://www.facebook.com/](https://www.facebook.com/julianfiredepartment/)
15 [julianfiredepartment/](https://www.facebook.com/groups/539880143022080/); <https://www.facebook.com/groups/539880143022080/>;
16 <https://www.facebook.com/JulianVolunteerFireCompany/>; [https://www.facebook.com/](https://www.facebook.com/juliannewspaper/)
17 [juliannewspaper/](https://www.facebook.com/rachel.goddard.58/); [https://www.facebook.com/](https://www.facebook.com/rachel.goddard.58/)
18 [patricia.landis.5](https://www.facebook.com/karen.kiefer.18/); https://www.facebook.com/karen.kiefer.18, and a Twitter account for Mr. Cory
19 Briggs. Digistream elected to preserve the provided Facebook and Twitter links via E-Vault
20 Archive to save content which may otherwise have been deleted between the evening of April
21 12, 2019, and the early morning of April 15, 2019. It was through this preservation that an
22 additional Facebook group, The other Julian Connection, and two additional Facebook pages,
23 Julian Cuyamaca Fire and Emergency Preparedness, and Julian - Cuyamaca Fire Medic 56 were
24 uncovered and preserved, as notable content from these pages was identified, as shared via the
25 provided links.

26 4. On April 15, 2019, I began my investigation of the incident. I first looked over the
27 e-vault archived links to find any notable content regarding witnesses which may had been
28 deleted. Next, I searched through all the provided and additional uncovered links and identified

1 and included notable content from these pages, groups, and accounts in my report. I searched for
2 additional groups within the Julian, California area, and used Keyword searches in Facebook
3 and Twitter, as well as geo-tagged and hash-tagged content via Instagram, to identify further
4 content regarding the incident, and/or individuals involved. These keywords directly related to
5 the incident, such as “Julian Cuyamaca Fire Protection District,” “JCFPD,” “Backcountry
6 Strong,” “Julian Fire Department,” and “Station 56,” as well as geo-tagged content such as,
7 “Julian, California,” “Julian Cuyamaca Fire Protection District”, and hash tags such as “JCFPD”
8 “JulianCuyamaca” and “BackcountyStrong.” These searches yielded additional notable content
9 from Cory Briggs’ additional Twitter account, Mr. Joseph Van Natta’s Facebook account, Mr.
10 Otto Allen’s Facebook and Instagram accounts, The Times of San Diego Newspaper, Mr. Ken
11 Stone’s Facebook account, a post by Instagram user @debbrou, Ms. Priya Sridhar’s Twitter
12 account, Ms. Lorelei Von Bretton’s Facebook account, and the Discover Julian Facebook Page.
13 It should be noted that all content featured in the report is available to the public, and all privacy
14 settings on all accounts were respected.

15 5. I continued to monitor these accounts, as well as the keyword and geo-tagged
16 searches on April 16, 2019, and April 17, 2019, to ensure all notable content posted since the
17 date of incident was included. Through these searches, and monitoring, I identified 11
18 individuals who had visited or occupied the station since the date of incident, or who may have
19 had knowledge of individuals involved, or activities occurring at the station. These individuals
20 were Ms. Rachel Goddard, Mr. Joseph Van Natta, Ms. Leslie Crouch, Mr. Otto Allen, Mr.
21 Willie Cruz, Ms. Toni A. Harter, Mr. Mike Von Bibber, Ms. Patricia Landis, Ms. Karen Kiefer,
22 Ms. Barbara Hedrick, and Mr. Cory Briggs.

23 6. On April 17, 2019, I elected to e-vault additional content that had been posted
24 since April 12, 2019, as well as the Facebook accounts for Rachel Goddard, Joseph Van Natta,
25 Otto Allen, and Leslie Crouch who had posted about being at the station multiple days since the
26 incident had occurred. On April 17, 2019, I sent relevant social media postings to the Office of
27 County Counsel for the County of San Diego.
